Dear friends of the DPC, pancreas enthusiasts and colleagues,

It's our great pleasure to welcome you to the 44th annual meeting of the German Pancreatic Club (DPC) in Heidelberg. We are delighted you will join us in the assembly hall of the "Neue Universität" for three days full of science.

For this year's conference, we uphold established traditions while adding new accents. We thank everyone who submitted an abstract and therefore contributed to sharpening the scientific profile of the DPC. This creates a diverse and interesting program which we are looking forward to.

This year's conference offers a wide variety of workshops led by experts in the respective field. With great appreciation, we highlight the dedication of all workshop leaders to make this possible and are proud they all are willing to share their knowledge with the DPC community.

Staying in line with the key aim of the DPC, this meeting will be a stage for junior researchers. With the new format "coffee with the expert", we established a new networking format for junior researchers, facilitating conversations with leading experts. We thank everyone—attendees and experts—for being open to contributing to this idea.

It's an honor to welcome the pancreatic society to Heidelberg. We are looking forward to a congress full of interesting talks and appreciate everyone's contribution to enable fruitful discussions and inspiring conversations inside and outside the assembly hall.

Welcome to Heidelberg!

Susanne Roth & Laura Roth

Conference presidents**Dr. med. Laura Roth**

Opening Hours Registration

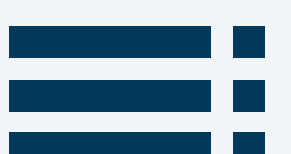

Do you have any questions? During the conference we will be at your disposal as follows:

Thursday, February 27 th , 2025	12:00–19:00
Friday, February 28 th , 2025	07:00–18:00
Saturday, March 1 st , 2025	08:00–12:30

Opening Hours Industrial Exhibition

Location: Ground floor, first floor, second floor

Thursday, February 27 th , 2025	12:00–19:30
Friday, February 28 th , 2025	09:30–16:00
Saturday, March 1 st , 2025	08:30–10:45

WiFi

Access: Uni web access

Kennung: ZZ5

Passwort: DPCkongress2025

Media Check for speakers

Please bring your presentation on a USB stick. Hand in your presentation at the Media Check at least 2 hours before your presentation. You can load your presentation at the Media Check and test it again. Please note that the use of your own laptop is not desired.

Experienced technicians will be available in the lecture room to answer your questions.

! Location Media Check: Ground floor at the registration counter**Certification**

The Baden-Württemberg Medical Association has certified the event with 15 points. Please scan yourself once a day at the registration counter to record your attendance. For physicians residing in Germany: If you have entered your EFN number when registering, we will automatically report your attendance to the State Medical Association.

The general certificate of attendance will be sent to you by e-mail afterwards.

Wardrobe

No liability is accepted for wardrobe and personal belongings.

! Location: Ground Floor · Room 1**Supporter**

We would like to thank the Chica and Heinz Schaller Foundation for sponsoring this year's prize money (Hans Chiari Prize, Abraham Vater Prize and poster prizes).

Biomedical Research

PRE-CONFERENCE WORKSHOPS

! Location: Seminarraum Gastro UKHD

09:00- WS 1:

12:00 **Single-cell sequencing techniques and project
planning / Single Cell Open Lab**

Speaker: Philipp Mallm

! Location: Seminarraum Bioquant

09:00- WS 2:

12:00 **Successful multichannel experiments in fluorescence
microscopy / Nikon Imaging Center at Heidelberg University**

Speaker: Ulrike Engel

! Location: EMBL

09:00- WS 3:

12:00 **Advanced Light Microscopy Facility at EMBL – Two-photon
and Second Harmonic Generation (SHG) microscopy**

Speaker: Stefan Terjung

! Location: EMBL

09:00- WS 4:

12:00 **Advanced Light Microscopy Facility at EMBL – Adaptive
feedback microscopy, automating acquisition of rare events**

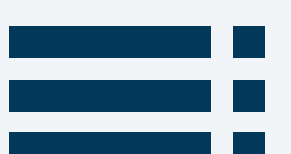

Speaker: Stefan Terjung

! Location: EMBL

09:00- WS 5:

12:00 **Advanced Light Microscopy Facility at EMBL – Using the
fluorescence lifetime-based readout to gain more
information from
biological samples**

Speaker: Stefan Terjung

PRE-CONFERENCE WORKSHOPS

! Location: Endoskopie UKHD

08:30- WS 6:

12:00 Live Endoscopy

Speakers: Ronald Koschny, Marcus Kantowski, Sebastian Krug

! Location: Chirurgie UKHD

08:00- WS 7:

12:00 Live Surgery

Speaker: Thomas Hank & Martin Loos

HANDS-ON WORKSHOP

! Location: Neue Universität · Ground Floor

INTUITIVE

Thursday, February 27th, 2025 · 18:30–19:30

NORDMARK SYMPOSIUM

The Failing Pancreas: Management Options

Chairs: Jonas Rosendahl, Halle and Matthias Löhr, Stockholm

- *Inflammation or Carcinoma – How Pancreatic Surgery Can Support Today*
Surgical aspects of pancreatic diseases
– **Güralp Ceyhan, Istanbul** –
- *The New UEG Guideline – Focus on Pancreatic Exocrine Insufficiency (PEI)*
PEI in context of pancreatitis and after surgical procedures
– **Jonas Rosendahl, Halle** –
- *Who Takes Care? – Surgery, Gastroenterology and Nutrition*
Best practice in interdisciplinary collaboration
– **Veit Phillip, Munich** –

Friday, February 28th, 2025 · 08:00–08:30

AMGEN – BREAKFAST SYMPOSIUM

IgG4-Related Disease – A Diagnostic Challenge And Its Unmet
Therapy Needs

Chair: Prof. A. Kleger

- *Autoimmune pancreatitis and IgG4-Related Disease: clinical implications*
and diagnosis
– **Prof. A. Kleger** –
- *Therapeutic landscape of Autoimmune Pancreatitis and IgG4-Related*
Disease
– **Prof. J. Rosendahl** –
- *Related Disease – an update*
– **Prof. M. Löhr** –

Breakfast Snacks and Coffee will be provided! ☕

Friday, February 28th, 2025 · 12:05–13:05**NOVARTIS – SYMPOSIUM**

Radioligand Therapy for NET – Introduction and Overview

Chair: Prof. Sebastian Krug, Heidelberg

- *Introduction to theranostics and its application in the field of neuroendocrine tumors*
– **Dr. Erik Winter, Heidelberg** –
- *Role of radioligand therapy in the treatment of neuroendocrine tumors*
– **Prof. Marianne Pavel, Erlangen** –

Saturday, March 1st, 2025 · 08:30–09:00**MAGLE – BREAKFAST SYMPOSIUM**

Pancreatic surgery and complications

- *Progress and Challenges of Modern Pancreatic Surgery*
– **PD Dr. med. T. Hank, Heidelberg** –
- *Development of SmartPAN and Current Evidence of Performance*
– **PD Dr. med. T. Pausch, Heidelberg** –
- *Pancreatic Leakage Indicator SmartPAN: Expectations and Experience*
– **Dr. med. Dr. G. A. Stavrou, Saarbrücken** –

Breakfast Snacks and Coffee will be provided! ☕

DETAIL PROGRAM

! Location: Neue Aula · Second floor

13:00– **Opening**
13:15

13:00– **Welcome**
13:15 Christoph Michalski, Heidelberg
Patrick Michl, Heidelberg

13:15– **Session 1 – Pancreatic cancer – Clinical Decision making
and Therapy**
14:45
Chairs: Christoph Springfeld & Bernhard Renz

13:15– **Target therapies in pancreatic cancer**
13:30 Dieter Saur, Munich *KEYNOTE

13:30– **From Microbiome to Prognosis: Understanding the Pancreatic
Cancer Link**
13:45
Christoph Ammer- Herrmenau, Göttingen *KEYNOTE

13:45– **Predicting Clinical Outcomes in Pancreatic Cancer Using Ex
Vivo Drug Sensitivity in Personalized Tumor Slice Cultures**
13:55
Benjamin Heckelmann, Lübeck

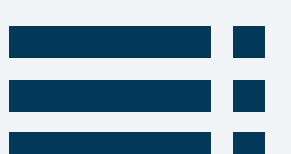

13:55– **Comparative analysis of KRASG12D-targeting inhibitors in
pancreatic ductal adenocarcinoma**
14:05
Yiqi Niu, Heidelberg

14:05– **Patient-Derived Organoids as Preclinical Tools for Predicting
Therapy Response and Unveiling Clonal Evolution in Pancreatic
Cancer**
14:15
Benedikt J. Wagner, Regensburg

14:15– **Machine learning-based liquid biomarker panels from the NEO-
NAX trial for predicting success of perioperative and adjuvant
gemcitabine/nab-paclitaxel in resectable PDAC**
14:25
Anton Lahusen, Ulm

14:25– **The contrasting roles of STAT3 and STAT1 in PDAC
progression: Mapping the mechanisms of aggression**
14:35
Rebecca Diya Samuel, Göttingen

14:35– **Proteomic profiling of ampullary adenocarcinoma
(AMPAC) subtypes helps to guide clinical decision making**
14:45
Louisa Bolm, Lübeck

14:45– Coffee break
15:10

! Location: Room 12a · Second Floor

14:45– AG Pankreas
15:30

! Location: Screens Ground and Second Floor

15:10– Postersession I
16:10 Further information can be found on page 26.

! Location: DaVinci Workshops by Intuitive · Ground Floor

15:15– DaVinci WS Group 1, Basic
16:15

16:15– Session 2 – Pancreatic cancer – Genes matter
16:50 Chairs: Tim Glowka & Magdalena Huber

16:15– Genome Dynamics in PDAC therapy
16:30 Elisabeth Heßmann, Göttingen *KEYNOTE

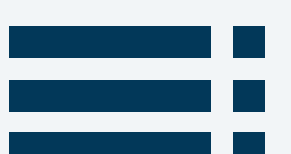

16:30– Epigenetic dysregulation in ATM-deficient pancreatic cancer:
16:40 targeting the oncogenic landscape shaped by EZH2
Anna Härle, Ulm

16:40– Therapeutic intervention using aptamer-aided tumor
16:50 cell-specific genome editing
Francesca Mendia, Munich

16:50– Session 3 – Inflammation I
17:45 Chairs: Max Reichert & Susanne Sebens

16:50– Cellular plasticity in chronic pancreatitis and carcinogenesis
17:05 Ilse Rooman, Brüssel, Belgium *KEYNOTE

17:05– IL-1 α promotes fibroblast activation and regulates tissue
17:15 fibrosis during chronic pancreatitis
Hala Mazloun, Greifswald

17:15– 17:25 **Interleukin 10 mediates a self-limitation of the pro-inflammatory response and prevents excessive fibrosis in experimental acute and chronic pancreatitis**
Rabea Lange, Greifswald

17:25– 17:35 **Mechanisms of CRAC-NFATc1 Signaling in Acute Pancreatitis**
Annalena Weber, Göttingen

17:35– 17:45 **Deciphering the role of STAT3 in macrophages during acute pancreatitis**
Jiaqi Xin, Munich

17:45– 18:15 **Session 4 – Lung and Pancreas: New insight into an unknown relationship**
Chair: Patrick Michl

17:45– 18:00 **Deciphering the Complex Relationship Between Atopy and Pancreatic Cancer Risk**
Núria Malats, Madrid, Spain *KEYNOTE

18:00– 18:15 **Where the pancreas and the lung meet**
Francisco X. Real, Madrid, Spain *KEYNOTE

18:15– 18:20 **Arbeitskreis Pankreatektomierte**

18:20– 18:25 **UEG**

18:25– 18:30 **Junger Pankreasclub**

18:30– 19:30 **Nordmark Symposium:
The Failing Pancreas: Management Options**
Further information can be found on page 11.

! Location: Ground Floor

19:30– 21:30 **Get-together**

! Location: Neue Aula · Second Floor08:00– **Amgen Breakfast Symposium:**08:30 **IgG4-Related Disease – A Diagnostic Challenge And Its
Unmet Therapy Needs**

Further information can be found on page 11.

08:30– **Session 5 – Pancreatitis**09:45 **Chairs: Matthäus Felsenstein & Georg Beyer & Jakob Vielhauer**08:30– **Immune Checkpoint inhibitor-induced pancreatitis:
is it autoimmune?**

Matthias Löhr, Stockholm, Sweden *KEYNOTE

08:45– **Heterogeneous flushing regimes in externally drained
08:55 necrotizing pancreatitis – results of the multicentre,
retrospective DRACULA trial**

Marlies Vornhülz, Munich

08:55– **Post-discharge morbidity and mortality by microbiome
09:05 patterns in acute pancreatitis (MAMBA Trial) – European
longitudinal long-term follow-up study**

Richard Meier, Göttingen

09:05– **Loss of ONECUT1 alters pancreatic exocrine development**

09:15 Sandra Heller, Ulm

09:15– **Lower pancreaticobiliary complication rate after sludge and
09:25 microlithiasis induced pancreatitis compared to gallstone
pancreatitis**

Simon Sirtl, Munich

09:25– **Regulation of Cytosolic Cathepsin B Activity: Implications for
09:35 Pancreatitis Pathogenesis**

Saeedeh Asgarbeik, Greifswald

09:35– **Distinct Orointestinal Microbiome and Metabolomic Profiling in
09:45 Pancreatic Ductal Adenocarcinoma and Chronic Pancreatitis –
Preliminary results from a European-multi-center study**

Areej Shahbaz, Göttingen

! Location: Screens Ground and Second Floor09:45– **Postersession II**

10:35 Further information can be found on page 26.

**! Location: Room: 6-10 · First floor**10:35– **Coffee break · Coffee with the Experts I**

10:55 Matthias Löhr, Ilse Rooman, Francisco X. Real, Núria Malats

10:55– **Session 6 - TME**

12:05 Chairs: Jens Siveke & Daniel Hartmann

10:55– **Cancer associated fibroblasts mediated chemoresistance
in pancreatic cancer**

11:10 Corinne Bousquet, Toulouse, France *KEYNOTE

11:10– **Heterogeneity & self-organization in the tumor
microenvironment**

11:25 Barbara Grünwald, Essen *KEYNOTE

11:25– **The Role of IGFBP3/5+ myCAF in the Pancreatic Cancer Tumor
Microenvironment: Insights from Single-Cell Multi-Omics
Analysis**

11:35 Bolin Zhang, Halle

11:35– **Influence of cancer associated fibroblasts (CAFs)
heterogeneity on shaping immunosuppressive tumor
microenvironment in PDAC**

11:45 Ujjwal Mukund Mahajan, Munich

11:45– **Defining Tumor Microenvironment Subtypes and
Chemoresistance in PDAC by PRELP Expression**

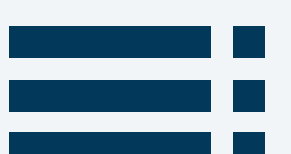

11:55 Jingyu An, Heidelberg

11:55– **Spatial microenvironment heterogeneity facilitates subtype
co-existence and therapy response via AP1 dichotomy in
pancreatic cancer**

12:05 Lukas Klein, Göttingen

12:05– **Novartis Symposium:**13:05 **Radioligand Therapy for NET – Introduction and Overview**

Further information can be found on page 12.

! Location: Room: 12a · Second Floor13:05- **ESPAC study meeting**

14:05 Sabine Beck, Frankfurt: ESPAC6 Trial Launch

Thilo Hackert, Hamburg: ESPAC7 Status
